## 1 SEC. 2. FINDINGS.

2 Congress finds the following: 3 (1) According to the Department of Justice, 4 human trafficking is "a crime that involves exploit-5 ing a person for labor, services, or commercial sex", 6 a global illicit trade that is estimated by Global Fi-7 nancial Integrity to be valued at over \$150.2 billion 8 per year. 9 (2) Polaris, the non-governmental organization 10 which runs the U.S. National Human Trafficking 11 Hotline, has found that while human trafficking is 12 a nationwide problem, the majority of domestic 13 human trafficking victims are "people who have his-14 torically faced discrimination and its political, social 15 and economic consequences: People of color, indige-16 nous communities, immigrants and people who iden-17 tify as LGBTQ+". 18 (3) For this reason, it is important that law en-19 forcement representing native communities and our 20 territories are part of the national dialogue about 21 countering human trafficking. 22 (4) The National Strategy for combating money 23 laundering and related financial crimes, which con-24 siders human trafficking among other issues, is cur-25 rently designed to mandate participation by State,

local, and Federal authorities, but not Tribal and

4	Crime Areas (HIFCAs), which are designated
5	through the law, does not currently mandate the in-
6	clusion of Tribal and territory law enforcement and
7	other government officials.
